

## ***The Story Behind the Doors***

Cindy began painting vintage doors in 2018 after she discovered clay/chalk paint. She began experimenting with refurbishing furniture pieces. In her search for interesting pieces, old doors began speaking to her.

“I really don’t know what it is about doors...I do feel there is a story behind all of them,” Cindy says. Some of her doors are purely decorative, while others are repurposed into headboards, coat racks and more. All of them are one-of-a-kind original pieces of art. They are inspired by horses she has owned or known and loved on Charming Creek Farm. Videos of The Horse Behind the Door are on face book and coming to the website soon!

Shipping is available on doors, within the continental US.  
Custom work of your own horse is also available.
